Integrated Autism Service Referral Form for Support for an Autistic Adult

If you are an adult (over 18 years old) with a formal diagnosis of autism, you can access advice and support from the Integrated Autism Service (IAS). We can offer support to understand autism, short-term direct support, e.g. help to access employment, education, health, functional and recreational activities, access to courses, e.g. post diagnostic support and navigating life, or signpost to other services who can offer further support.

PLEASE NOTE: Service users requesting support <u>must</u> have a formal diagnosis of autism. If you were diagnosed by a different service other than Cwm Taf Morgannwg IAS, please provide proof of diagnosis. We <u>cannot</u> accept a referral without this.

What happens next?

The referral will be discussed in the weekly multidisciplinary team meeting (MDT). Should the service user be eligible for support;

- 1. If the service user opted for a **post-diagnostic support course only**, they will be placed on a waiting list and contacted when a space becomes available.
- 2. If the service user opted to discuss their support needs with a member of the team and have opted for a face-to-face appointment, a letter will be sent to the service user notifying them of the appointment details.
- 3. If the service user opted to discuss their support needs with a member of the team and have opted for a virtual appointment, an email will be sent to the email address provided in Section 1 with the appointment details and a Microsoft Teams link for the appointment. NOTE: You will need access to a mobile device, such as a laptop or tablet, that has a built-in camera and microphone.
